Chronic Illness Benefit medicine list (formulary) 2019

Who we are

Glencore Medical Scheme (referred to as 'the Scheme'), registration number 1253, is a non-profit organisation, registered with the Council for Medical Schemes. Discovery Health (Pty) Ltd (referred to as "the administrator"), is a separate company and an authorised financial services provider (registration number 1997/013480/07). We take care of the administration of your membership of the Scheme.

Important information you need to know

We may change the information contained in this document from time to time. We will communicate any changes to the way we pay medicines when we make these changes.

The Chronic Illness Benefit (CIB) is managed by the Glencore Medical Scheme rules. The use of the benefits and programmes linked with the Chronic Illness Benefit are subject to specific conditions and rules. Members must make sure that they know these rules and conditions.

Any instructions or advice on medicines and the management of the member's condition are intended to add to, and not replace, the knowledge, expertise, skill and judgement of the member's doctor, pharmacist or other healthcare professional.

You have full cover for approved medicine on the Scheme's medicine list. Approved medicine not on the medicine list will be funded up to the 80% of the Maximum Medical Aid Price (MMAP).

Glencore Medical Scheme and Discovery Health (Pty) Ltd reserve the right to change the benefit at any time.

You can call us on **0860 00 21 41** or visit www.glencoremédicalscheme.co.za for more information.

About some of the terms we use in this document

There may be some terms we refer to in the document that you may not be familiar with. Here are the meanings of these terms.

Terminology	Description
Benefit year	A benefit year refers to the benefits a member is entitled to during a calendar year, that is to say 1 January to 31 December. This medicine list (formulary) is applicable for 2019 only.
Prescribed Minimum Benefit (PMB) conditions	<p>In terms of the Medical Schemes Act of 1998 (Act number 131 of 1998) and its regulations, all medical schemes have to cover the costs related to the diagnosis, treatment and care of any life-threatening emergency medical condition, a defined set of 270 diagnoses and 27 chronic conditions. These conditions and their treatments are known as the Prescribed Minimum Benefits (PMB).</p> <p>All medical schemes in South Africa have to include the Prescribed Minimum Benefits in the health plans they offer to their members. There are, however, certain requirements that a member must meet before he or she can benefit from the Prescribed Minimum Benefits. The three requirements are:</p> <ul style="list-style-type: none"> • The condition must be part of the list of defined PMB conditions • The treatment needed must match the treatments in the defined benefits on the PMB list • Members must use the scheme's designated healthcare service providers.
Chronic Disease List (CDL)	A defined list of chronic conditions we cover according to the Prescribed Minimum Benefits.
Medicine class	This describes medicines that have similar chemical structures or similar therapeutic effects.
Active ingredient	This is the main substance in a medicine that is responsible for the clinical action on a human body.
