# Trauma Benefit

*Optional Trauma Benefit, offered by Discovery Insure*

## **TRAUMA EVENT COVER**

To provide access to emergency private healthcare services for a broad range of traumatic events at any private hospital, you can enhance cover for your employees and their dependants through the Trauma Benefit.

Employees are covered for medical treatment relating to these events up to a defined limit. You can choose a limit of either R400,000 or R1 million per admission.

There are no hospital network restrictions and in the case of a traumatic event, emergency services will determine the most clinically appropriate course of action.

Following the event, Discovery will reach out to your employee and their family and offer two counselling sessions, either face-to-face or telephonically, with a trained trauma or support counsellor.

## **MEDICAL EVACUATION**

If your employees experience a traumatic event, they have cover for medical evacuation services to the most clinically appropriate hospital facility.

## **STABILISATION AND TREATMENT WHEN ADMITTED TO HOSPITAL**

Your employees also have cover for in-patient hospital stabilisation and treatment. Depending on the option you choose, they are covered up to R400,000 or R1 million per admission for hospital and related accounts.

If treatment costs more, the employee will need to pay for amounts over their limit. If the hospital and related accounts reach the Trauma Benefit cover limit, your employees will be transferred to a state facility or discharged if stabilised.

## **WE COVER TREATMENT FOR THE FOLLOWING TRAUMA CONDITIONS**

- Burns
- Head injuries, chest injuries or severe fractures as a result of a fall
