

ADVANCED ILLNESS BENEFIT

DISCOVERY HEALTH MEDICAL SCHEME
2024

Overview

Available on all plans, the Advanced Illness Benefit (AIB) provides members who have an illness in an advanced stage access to a comprehensive palliative care programme. This programme offers unlimited cover for approved care in the comfort of their own home or in a hospice facility. Palliative care is provided by a multidisciplinary team, in partnership with the Hospice Palliative Care Association of South Africa.

About some of the terms we use in this document

There may be some terms we refer to in the document that you may not be familiar with. Here are the meanings of these terms.

TERMINOLOGY	DESCRIPTION
Comprehensive cover	<p>This cover includes benefits that go beyond the essential healthcare services and Prescribed Minimum Benefits as prescribed by the Medical Schemes Act. Comprehensive cover offers additional cover and supplementary benefits to compliment basic cover. You have the flexibility to choose your healthcare options and service providers. Whether it's full cover or options outside of full cover, we give you the freedom to decide what suits your needs. Our cover is in line with or goes beyond defined clinical best practices. This makes sure that you get treatment that is expected and clinically appropriate.</p> <p>We may review these principles from time to time to stay current with changes in the healthcare landscape. While comprehensive, cover remains subject to the Scheme's treatment guidelines, protocols, and designated service providers. We still prioritise managed care to ensure the best outcomes for your health.</p>
Day-to-day benefits	These are the available funds allocated to the Medical Savings Account (MSA) and Above Threshold Benefit (ATB), where applicable. Depending on the plan you choose, you may have cover for a defined set of day-to-day benefits. The level of day-to-day benefits depends on the plan you choose.
Discovery Health Rate (DHR)	This is a rate we pay for healthcare services from hospitals, pharmacies, healthcare professionals and other providers of relevant health services.
ICD-10 code	A clinical code that describes diseases and signs and symptoms, abnormal findings, complaints, social circumstances and external causes of injury or diseases, as classified by the World Health Organization (WHO).
Palliative care	Palliative care is specialised medical care for people living with a serious illness at any stage. This type of care is focused on providing relief from the symptoms and stress of the illness.

Your doctor must register you for cover on the Advanced Illness Benefit

To register, your doctor needs to complete the Advanced Illness Benefit (AIB) application form and email it to AIB@discovery.co.za. Up to date forms are always available on www.discovery.co.za under Medical Aid > Find documents and certificates.

Access to the Advanced Illness Benefit is voluntary and is subject to clinical entry criteria

This benefit funds for palliative care for members in advanced stages of the illness, where curative treatment has ceased and there is a palliative care plan to address symptoms related to the illness. If your application is approved, you will have access to the benefits offered by the Advanced Illness Benefit (AIB).

The Advanced Illness Benefit at a glance

Members on the Advanced Illness Benefit have access to the following:

- **Support from a dedicated care coordinator**

A dedicated care coordinator, who is a registered nurse, will contact you (or your family member) once we have registered you on the AIB. The care coordinator will support you and your family and will work closely with your GP and/or specialist to ensure you receive the best care at all times.

- **Personalised support and counselling**
Members registered on the AIB and their family will have access to counselling services for support during this difficult time.
- **Comprehensive home-based services**
Members registered on the AIB will have access to personalised home-based care services such as oxygen and pain management, subject to authorisation and managed care criteria.
- **Access to limited home nursing and in patient hospice care**
Members enrolled on AIB have access to home nursing or in patient hospice care, for a limited duration, subject to authorisation and managed care criteria.
- **Access to specialised telephonic support**
Registered members can contact 011 529 6797 during working hours for assistance with Advanced Illness Benefit related authorisations, oxygen or benefit and claims-related enquiries.
- **We do not pay for frail care**
Please note that frail care is a general scheme exclusion on all plans and we will not consider cover for this for any member. Frail care includes assistance with activities of daily living.

Your cover on the Advanced Illness Benefit

The Advanced Illness Benefit pays for services provided by a multidisciplinary team

We will pay for healthcare services provided by any of the healthcare professionals represented in the palliative multidisciplinary team, according to a specific basket of care and the agreed individual member care plan.

These costs will not affect your day-to-day benefits and will be paid at the Discovery Health Rate (DHR) from the Hospital Benefit.

Upon successful enrolment on to the benefit, the Palliative doctor may bill a once off fee for advanced care planning, thereafter a monthly management fee can be billed to ensure continued support whilst enrolled on the programme.

Palliative care must be accessed from providers who are registered with the Board of Healthcare Funders

We will pay for these healthcare services or treatments for as long as the application is approved, and you use appropriately registered providers (with a valid Board of Healthcare Funders (BHF) registration number) who use valid tariff codes for the healthcare service or treatment.

We need the appropriate ICD-10 codes on accounts

All accounts for palliative care must have a relevant and correct ICD-10 code (diagnosis code) for us to pay it from the correct benefit. To ensure there isn't a delay in paying your healthcare providers' accounts, please notify the team managing your treatment (or your loved one's treatment) about this requirement.

Nominating a person to assist you

Where you, as the patient, choose to nominate someone to assist you with managing your medical aid, you can complete a third-party consent form. Up to date forms are always available on www.discovery.co.za under Medical Aid > Find documents and certificates.

If at any stage, you wish to revoke consent for the sharing of information, you can notify us accordingly.

For more information on the Advanced Illness Benefit (AIB), visit our website www.discovery.co.za or email AIB@discovery.co.za.
