

Prescribed Minimum Benefit authorisation/s. You can do this by emailing the new prescription to us or asking your doctor or pharmacist to do this for you.

To make sure that we pay your claims from the correct benefit, we need the claims from your healthcare providers to be submitted with the relevant ICD-10 diagnosis code(s). Please ask your doctor to include your ICD-10 diagnosis code(s) on the claims they submit and on the form that they complete when they refer you to the pathologists and/or radiologists for tests. This will enable the pathologists and radiologists to include the relevant ICD-10 diagnosis code(s) on the claims they submit, ensuring that we pay your claims from the correct benefit.

Agreement and consent

By registering for Prescribed Minimum Benefits, I agree that my condition may be subject to disease management interventions and periodic review and that this may include access to my medical records.

I give the Fund and the administrator consent to have access to and process all information (including general, personal, medical or clinical information) that is relevant to this application. I understand that this information will be used for the purposes of applying for and assessing my funding request for Prescribed Minimum Benefits. I consent to the Fund and the administrator disclosing, from time to time, information supplied to them (including general, personal, medical or clinical information) to my treating doctor and to relevant third parties, to administer the Prescribed Minimum Benefits as well as undertake managed care interventions related to the PMB condition. I understand that withdrawing consent for my general, personal, medical or clinical information to be accessed or shared with relevant third parties, means that I will no longer have access to funding from the applicable disease management benefits. Claims which would usually be funded from the disease management benefits will, once consent is withdrawn, be funded from other available benefits according to the benefit rules. (Should you wish to withdraw consent, then please call **0800 001 615**).

- Internet-based Cognitive Behavioural Therapy (iCBT) has been demonstrated to be a helpful adjunct to treatment for people with Major Depression*. An iCBT course is included in the treatment basket for Major Depression for Engen Medical Benefit Fund members who are 18 years and older. iCBT will be funded as one (1) psychotherapy consultation from the Out-of-Hospital Treatment of a Prescribed Minimum Benefit, where PMB funding is approved. We will let qualifying members know that they have access to an iCBT course.

Please indicate if you feel that information on iCBT should not be shared with this member.

This member should not receive information on iCBT

If no preference is indicated, the member will be given more information on the iCBT course.

Notes to Doctor

- Please ensure that the relevant ICD-10 diagnosis code(s) is used when you submit your claims to the Fund to ensure payment from the correct benefit.
- Please include the ICD-10 diagnosis code(s) when referring your patient to the pathologists and/or radiologists. This will enable the pathologists and radiologists to include this information on their claims and allow us to comply with legislation by paying Prescribed Minimum Benefits (PMB) claims correctly.
- We will approve funding for generic medicine, where available, unless you have indicated otherwise.
- Please submit all the requested supporting documents with this application to prevent delays in the review process.
- Should you make changes to your patient's treatment plan, you need to let us know so that we can update their PMB authorisation/s. You can do this by emailing the new prescription to us. If you or your patient do not let us know about changes to the treatment plan, we may not pay claims from the correct benefit.
