3. There are certain criteria that you need to be aware of before you apply for a special payment from your Accumulated Savings Account:
  - The principal member must complete and sign this application form.
  - A valid account is needed to approve your special payment. The account must be attached to this application form. Special payment will not be approved on quotations, as you may only apply for a special payment for procedures or treatment already received – not for future expenses.
  - Special payments from your Accumulated Savings Account will only be considered for claims where the health care provider is appropriately registered with the Board of Healthcare Funders (BHF). This means the health care provider must have a valid BHF practice number.
  - If you have a waiting period, you will not be allowed to apply for a special payment from your Accumulated Savings Account.
  - Special payments from your Accumulated Savings Account are always subject to an approval process.
  - If approved, the special payment from your Accumulated Savings Account will be made to you, the member, and not directly to the provider, as you are responsible for ensuring payment of medical accounts.
4. The above decision is made on a discretionary basis. The Fund will not be held responsible for any consequences, (whether clinical or

financial), that may result from the above-mentioned procedure. By having the procedure performed and accepting the “Accumulated Savings Account exception” funding decision, you indemnify the Fund against any claims for loss or damages related to this exceptional payment, that may for any reason be brought against the Fund.
