Discovery Health (Pty) Ltd, registration number 1997/013480/07, (referred to as 'the administrator') is a separate company, an authorised financial services provider and is responsible for the administration of your membership on behalf of the Fund.

**About this form**

This form should be completed when a member requires out-of-hospital treatment that falls outside of the basic level of care provided for in the Prescribed Minimum Benefits.

Please only complete this form if we have already reviewed a request for funding for your condition as a Prescribed Minimum Benefit.

**2. Notes to members**

I give permission for my healthcare provider to provide the Fund and the administrator with my diagnosis and other relevant clinical information required to review my application. I agree to my information being used to develop registries. (This means that you give permission for us to collect and record information about your condition and treatment. This data will be analysed, evaluated and used to measure clinical outcomes and make informed funding decisions.)

I understand that:

- 2.1. Funding from Prescribed Minimum Benefits is subject to meeting benefit criteria in line with Council for Medical Schemes' guidelines.
- 2.2. The Prescribed Minimum Benefits provide cover for disease-modifying therapy only, which means that not all medicines for a listed condition are automatically covered by Prescribed Minimum Benefits.
- 2.3. Funding for treatment from Prescribed Minimum Benefits will only be effective from when Engen Medical Benefit Fund receives an application form that is completed in full.
- 2.4. An application form needs to be completed when applying for a new Prescribed Minimum Benefit condition.

If you are approved on the benefit, you need to let us know when your treating doctor changes your treatment plan so that we can update your Prescribed Minimum Benefit authorisation/s. You can do this by emailing the new prescription to us or asking your doctor or pharmacist to do this for you.

To make sure that we pay your claims from the correct benefit, we need the claims from your healthcare providers to be submitted with the relevant ICD-10 diagnosis code(s). Please ask your doctor to include your ICD-10 diagnosis code(s) on the claims they submit and on the form that they complete when they refer you to the pathologists and/or radiologists for tests. This will enable the pathologists and radiologists to include the relevant ICD-10 diagnosis code(s) on the claims they submit, ensuring that we pay your claims from the correct benefit.

**Agreement and consent**

By registering for Prescribed Minimum Benefits, I agree that my condition may be subject to disease management interventions and periodic review and that this may include access to my medical records.

I give the Fund and the administrator consent to have access to and process all information (including general, personal, medical or clinical information) that is relevant to this application. I understand that this information will be used for the purposes of applying for and assessing my funding request for Prescribed Minimum Benefits. I consent to the Fund and the administrator disclosing, from time to time, information supplied to them (including general, personal, medical or clinical information) to my treating doctor and to relevant third parties, to administer the Prescribed Minimum Benefits as well as undertake managed care interventions related to the PMB condition. Withdrawing consent for your general, personal, medical or clinical information to be accessed or shared with relevant third parties, means that you will no longer have access to funding from the applicable disease management benefits. Claims which would usually be funded from the disease management benefits will, once consent is withdrawn, be funded from other available benefits according to the rules of your plan. Should you wish to withdraw consent, then please call **0800 001 615**.
