# YOUR COVER FOR DIABETES AND THE DIABETES CARE **PROGRAMME**

2023

# ABOUT THIS GUIDE

This benefit guide gives an overview of your cover for diabetes and information on the Diabetes Care Programme.

## Contact details for questions

If you have questions or need help with diabetes-related issues, you can contact us by:

- Phone: 0860 444 439
- Email: [Members\\_DCP@engenmed.co.za](mailto:Members_DCP@engenmed.co.za)

## The Diabetes Care Programme

We understand that living with diabetes comes with many challenges and requires daily efforts to manage. The Fund's Diabetes Care Programme brings together a team of health professionals to ensure you get high-quality coordinated healthcare and improved outcomes.

You also have access to various tools and extra benefits to monitor and manage your condition, as well as dedicated care navigators to help with all your diabetes-related needs.

### Contact one of your care navigators:

Call 0860 444 439 or email [Members\\_DCP@engenmed.co.za](mailto:Members_DCP@engenmed.co.za) if you have any questions.

Remember, if left untreated, diabetes may result in serious complications. We are here to help you navigate the diabetes management journey.

## How to join the Diabetes Care Programme

If you are registered on the Chronic Illness Benefit for diabetes, you automatically have access to the Diabetes Care Programme through your chosen Premier Plus GP.

If you are not yet registered, ask your doctor to help you get started.

## Check if your doctor is on our network

To check if your regular doctor is on the Fund's network, you can:

- Visit [www.engenmed.co.za](http://www.engenmed.co.za)
- Choose Find a healthcare provider on the Discovery app
- Call 0860 444 439
- Email [Members\\_DCP@engenmed.co.za](mailto:Members_DCP@engenmed.co.za)

## Your doctor will work with you to manage your condition

The Diabetes Care Programme is based on international and locally accepted clinical and lifestyle guidelines. Through the programme, you and your doctor (who must be on our network) can:

- Agree on key goals
- Track your progress on a personalised dashboard on HealthID (a system for doctors)
- Generate your Diabetes Management Score to help identify which areas to focus on to stabilise your condition and improve your overall health.

If you visit a doctor who is not part of the Premier Plus Network for a chronic condition, you may have to pay part of the cost. To avoid any co-payments, please choose a network doctor and make sure we always know who your network doctor is. Let us know if anything changes so we can update our records.

- Phone: 0860 444 439
- Email: Members\_DCP@engenmed.co.za

## Your benefits and how to engage with your diabetes care team

You have access to these benefits.

Provider	Number of consultations covered	What the provider helps you with
Eye screening	1 per year	Eye screening can be done at an optometrist or ophthalmologist
Foot screening	1 per year	Managing the risk of foot infections and screening for neuropathy (nerve damage) and poor blood circulation.
Diabetes education	2 per year	You qualify for access to a diabetes educator to help you with medication, lifestyle changes and self-management support.
Dietitian	2 per year	Advice about nutrition. To make sure that we pay this from the correct benefit, please ask your dietitian to claim using the most appropriate code from the table below
Biokineticist	1 per year	Advice about exercise, tailored to your needs. To make sure that we pay this from the correct benefit, please ask your Biokineticist to include the ICD-10 code.

## Other benefits and tools

- **Extra test strips:** The Fund will pay for extra blood glucose test strips each year, if needed. We will pay in full the for blood glucose test strips that are on our medicine list (formulary). Blood glucose test strips that are not on our list will be funded up to the monthly Chronic Drug Amount.
- **Earn rewards:** You can earn rewards for managing your diabetes well by engaging with your doctor, taking your medication and doing annual screenings for your eyes and feet.

# ABOUT SOME OF THE TERMS WE USE
