

Prescribed Minimum Benefits Chronic Medicine List (Formulary) 2024

Who we are

Netcare Medical Scheme (referred to as "the Scheme"), registration number 1584, is a non-profit organisation, registered with the Council for Medical Schemes.

Discovery Health (Pty) Ltd (referred to as "the administrator"), is a separate company and an authorised financial services provider (registration number 1997/013480/07), that administers the Netcare Medical Scheme.

Important information you need to know

We may change the information contained in this document from time to time. We will communicate any changes to the way we pay medicines when we make these changes.

The Out-of-Hospital Prescribed Minimum Benefit (OHPMB) and the utilisation of the benefits and programmes associated with this benefit is subject to specific conditions and rules. Members must make sure that they know these rules and conditions. The Netcare Medical Scheme rules can be accessed on www.netcaremedicalscheme.co.za.

Any instructions or advice on medicines and the management of the member's condition are intended to add to, and not replace, the knowledge, expertise, skill and judgement of the member's doctor, pharmacist or other healthcare professional.

You receive full cover for approved medication on our medicine list (formulary). Medication not on our medicine list will be funded up to the Reference Price for that medication category. You may have a co-payment for medication not on our medicine list.

Netcare Medical Scheme reserves the right to change the benefit at any time.

For more information call us on 0861 638 633 or visit us at www.netcaremedicalscheme.co.za.

About some of the terms we use in this document

There may be some terms we refer to in the document that you may not be familiar with. Here are the meanings of these terms.

Terminology	Description
Active ingredient	This is the main substance in a medicine that is responsible for the clinical action on a human body.
Benefit year	A benefit year refers to the benefits a member is entitled to during a calendar year, that is to say 1 January to 31 December. This medicine list (formulary) is applicable for 2024 only.
Medicine class	This describes medicines that have similar chemical structures or similar therapeutic effects.
Prescribed Minimum Benefit (PMB) conditions	<p>In terms of the Medical Schemes Act of 1998 (Act number 131 of 1998) and its regulations, all medical schemes have to cover the costs related to the diagnosis, treatment and care of any life-threatening emergency medical condition, a defined set of 271 diagnoses and 27 chronic conditions. These conditions and their treatments are known as the Prescribed Minimum Benefits (PMB).</p> <p>All medical schemes in South Africa have to include the Prescribed Minimum Benefits in the health plans they offer to their members. There are, however, certain requirements that a member must meet before he or she can benefit from the Prescribed Minimum Benefits. The three requirements are:</p> <ul style="list-style-type: none"> • The condition must be part of the list of defined PMB conditions • The treatment needed must match the treatments in the defined benefits on the PMB list • Members must use the scheme's designated healthcare service providers.
Therapeutic Reference Price	The reference price is the set amount we pay for a medicine category. This applies for medicine that is not listed on the medicine list (formulary).
