About the Overseas Treatment Benefit

The Overseas Treatment Benefit is an exclusive benefit that gives you cover for healthcare treatment and technologies that are not available in South Africa. This benefit is available to members on the Remedi Comprehensive Option.

We will pay the first 80% of the claim upfront up to a limit of **R810 000** for each person subject to approval from the Medical Review Team. You need to pay the balance of the claim. We will need a proforma invoice specifically for the medical treatment from the provider who will be performing this service to enable us to assist with the upfront payment of funds to you if required.

This document gives you more information about the benefit and how to apply for this cover if you need it.

What you need to know about the Overseas Treatment Benefit

- The Overseas Treatment Benefit only covers treatment that is not available in South Africa.
- Cover is up to a limit of **R810 000** a person each year, with the balance payable by you. This means that we will pay 80% of the cost of the claim, up to the limit of **R810 000**, and you need to pay the remainder of the claimed amount.
- If there are complications with the treatment or procedure, we will cover these costs up to your available limit.
- The treatment or procedure must be clinically proven for your condition and there must be adequate published medical evidence that the treatment is appropriate.
- The treatment you receive must be given by a medically qualified healthcare professional. Your doctor must be registered with the relevant regulatory bodies in the country where you receive treatment.
- You need to notify us in advance of your treatment. We will review your application according to the rules of the Overseas Treatment Benefit and provide feedback on the outcome.
- If your application is approved, we will assist with the upfront payment of 80% up to **R810 000** if required.

How to apply for cover from the Overseas Treatment Benefit

Contact us before you travel

Contact us on **0860 116 116** before you travel. We will send you a form to complete and once it is returned, we will review it and confirm the outcome. If we approve your cover, we will also send you a claim form that you will need to complete and send to us when you return.

You will need to pay your claims upfront and claim back from us

Because your healthcare provider will be based overseas, we do not have any agreement to pay them directly. You will need to pay your medical accounts upfront and claim back from Remedi when you return to South Africa. It is therefore important that you keep all the original and detailed accounts and receipts. Remember to also send us a completed claim form. It is also a good idea to keep copies of your claims and receipts for your records.

If requested by you, the scheme will assist with the upfront payment to you of up to 80% of your claim to a limit of **R810 000**, subject to approval from the Medical Review Team. We will need a proforma invoice specifically for the medical treatment from the provider who will be performing this service to enable us to assist with the upfront payment of funds to you.

We will also ask you for your travel documents such as copies of your airplane tickets and passport.

You may approach ER24 at +27 11529 6900 to facilitate the payment of the international providers and that ER24 will invoice the Scheme for the payment of these claims. ER24 will charge a fee for this service which will be paid from your available benefits. If you decide not to make use of this option, you need to pay all accounts from the healthcare provider/s and claim the amount back from the Scheme when you return to South Africa.

Where to send your claims

You can email your claim form, claims and travel documents to OTB_APPROVEDCLAIMS@yourremedi.co.za, fax them to +27 11 539 2421 or post them to Remedi Claims, PO Box 652509, Benmore, 2010. Please remember to write "Overseas Treatment Benefit" on all your claims and correspondence to us.
