REMEDI

MEDICAL AID SCHEME

**YOUR COVER FOR DIABETES
AND THE DIABETES CARE
PROGRAMME**

YOUR DIABETES CARE PROGRAMME

We understand that living with diabetes comes with many challenges and requires daily efforts to manage.

Our Diabetes Care Programme brings together a team of health professionals to ensure you get high quality coordinated healthcare and improved outcomes. You also have access to various tools and additional benefits to monitor and manage your condition as well as dedicated Care Navigators to assist you with all your diabetes related needs.

Contact one of your Care Navigators:

Call **0860 444 439**, or email to **Members_DCP@yourremedi.co.za** for any queries.

Remember, if left untreated, diabetes may result in serious complications but we are here to help you navigate the journey. This benefit guide provides an overview of your cover for diabetes and also outlines more information on our Diabetes Care Programme.

HOW TO JOIN THE DIABETES CARE PROGRAMME

If you are registered on the Chronic Illness Benefit (CIB) for diabetes, you automatically have access to the Diabetes Programme through your nominated Premier Plus GP. All you need to do to unlock the benefits is to ask your doctor to enroll you.

To check if your regular doctor is on our network:

- Visit www.yourremedi.co.za or click on Find a healthcare provider on the Remedi App to find a doctor on the network.
- Call **0860 444 439**, or
- Email to **Members_DCP@yourremedi.co.za**

YOUR NOMINATED DOCTOR WILL WORK WITH YOU TO MANAGE YOUR CONDITION

Your Diabetes Care programme is based on international and locally accepted clinical and lifestyle guidelines. Through the programme, you and your doctor can agree on key goals and track your progress on a personalised dashboard on HealthID, and generate your unique Diabetes Management Score. This will help to identify which areas to focus on to stabilise and improve your overall health.

Any consultation for a chronic condition outside of the network may attract a co-payment. Please make sure we always know who your nominated network doctor is and let us know if anything changes so that we can update this on our records.

HOW TO ENGAGE YOUR FULL CARE TEAM

You have access to consultations with all these providers.

PROVIDER	QUANTITY	DESCRIPTION
Biokineticist	1 per annum	A biokineticist consultation to ensure that you obtain the best advice about exercise, tailored to your needs. To make sure that we fund this from the correct benefit, please ask your biokineticist to claim the code DCARE and include the ICD-10 diagnosis code on the claim.
Dietitian	2 per annum	An additional dietitian consultation to ensure that you obtain the best advice about nutrition. To make sure that we fund this from the correct benefit, please ask your dietitian to claim the most appropriate code and include the ICD-10 diagnosis code on the claim.
Foot screening	1 per annum	A podiatrist will help you manage the risk of foot infections and screen for neuropathy (nerve damage) and poor blood circulation. You have an annual screening each year in your basket of care.
Eye screening	1 per annum	You have an annual eye screening each year in your basket of care. This can be done at an Optometrist in the Preferred Provider Negotiators (PPN) or Ophthalmologist.
Diabetes Coaching	2 per annum	You qualify for access to a diabetes educator to help you with medication, lifestyle changes and self-management support.

ADDITIONAL BENEFITS AND TOOLS

Planning your year can be a daunting task. To assist you we have created a few useful documents.

- A calendar to help you plan your visits.
- Questions to ask your care team during consultations

Extra test strips

- You will have access to additional blood glucose test strips per year if required. Blood glucose test strips that are on our formulary and will be funded in full up to the Remedi Rate. Blood glucose test strips that are not on our formulary will be funded up to the monthly Chronic Drug Amount (CDA), applicable to your specific plan type.

Personalised Health targets

- You could also qualify for health goals and get rewarded for achieving your personalised health targets. Download the Remedi App from the IOS App and Google Play store and activate Track Your Health.

COVER FOR CONTINUOUS GLUCOSE MONITORING SENSORS

Continuous glucose monitoring (CGM) automatically tracks blood glucose levels giving you the ability to test your glucose level at any time and better manage your condition. When appropriately prescribed by a doctor in our network, members with insulin dependent diabetes (type 1 and 2) have cover for continuous glucose monitoring sensors up to a monthly cover amount subject to clinical entry criteria. Cover depends on your chosen Benefit Option. This Benefit is not available on the Remedi Standard Option. CGM sensors will be funded from up to a monthly limit depending on the age of the patient and your Benefit Option.

Remedi Comprehensive Option

Adults and children up to 18 years: Funded up to 100% of the monthly limit of R1,560.

Remedi Classic Option

Adults and children up to 18 years: Funded up to 75% of the monthly limit of R1,620 (which will be funding up to R1,215).

Speak to your CGM network provider about the best options to minimise co-payments.

Find a provider in the CGM network:

- Login to www.yourremedi.co.za under Hospital and Doctor visits > Find a healthcare professional, to find a provider in our network , OR,
- You can click on Find a healthcare provider using your Remedi app, OR
- Call us on **0860 116 116** to find a provider in our network.

Access to Digital Mental Wellbeing Resilience course

When you register on the Diabetes Care programme, you have access to a digital mental wellbeing course with SilverCloud by Amwell. This can help you to become more resilient by learning new ways of thinking, so that you can become stronger and gain a more optimistic viewpoint.

Once you are registered on the Diabetes Care programme, you will receive an invite to start the Digital Mental Wellbeing Resilience Course.
