

## **The University of KwaZulu-Natal Medical Scheme Manual to Access Information ("Manual")**

This Manual has been prepared in terms of section 51 of the Promotion of Access to Information Act 2 of 2000 ("PAIA") and updated in the light of the Protection of Personal Information Act 4 of 2013 ("POPIA").

### **1. Introduction**

This manual is for the University of KwaZulu-Natal Medical Scheme, registration number 1520, registered with the Council for Medical Schemes.

### **2. Purpose of PAIA**

PAIA is an act that was passed to give effect to the constitutional right, held by everyone in South African, of access to information which is held by the State or by another person and which is required for the exercise or protection of any right. Where a request is made in terms of PAIA, the body to which the request is made is obliged to give access to the requested information, except where the Act expressly provides that the information may or must not be released.

It is important to note that PAIA recognises certain limitations to the right of access to information, including, but not exclusively, limitations aimed at the reasonable protection of privacy, commercial confidentiality, and effective, efficient and good governance, and in a manner which balances that right with any other rights, including such rights contained in the Bill of Rights in the Constitution.

POPIA was enacted in November 2013, to promote the protection of personal information processed by public and private bodies. POPIA amended certain provisions of PAIA, balancing the need for access to information against the need to ensure the protection of personal information.

### **3. Information manual**

One of the main requirements specified in PAIA is the compilation of an information manual that provides information on both the types and categories of records held by a private body. This document serves as the University of KwaZulu-Natal's information manual. This Manual is compiled in accordance with section 51 of PAIA and the Schedule to POPIA. It is intended to give a description of the records held by and on behalf of the University of KwaZulu-Natal Medical Scheme; to outline the procedure to be followed and the fees payable when requesting access to any of these records in the exercise of the right of access to information. This is to enable requesters to obtain records which they are entitled to in a quick, easy and accessible manner.

This Manual is available for public inspection:

- at the registered address of the University of KwaZulu-Natal Medical Scheme as set out in the Rules of the Scheme, free of charge; and
- on this website, free of charge; and
- on request by any person (along with payment of a prescribed fee).

The Manual is available from the designated Information Officer of the University of KwaZulu-Natal; whose details appear below.

The 30-day period, within which the University of KwaZulu-Natal Medical Scheme has to decide whether to grant or refuse the request, may be extended for a further period of not more than 30 days if the information cannot reasonably be obtained within the original 30-day period. For example, the time period may be extended if the request is for a large amount of information, or the request requires the University of KwaZulu-Natal Medical Scheme to search for information held at another office of Discovery.

The Information Officer will notify the requester in writing should an extension be required. The requester may lodge a complaint to the Information Regulator or an application with a court against the extension.
